

UNIVERSITY OF CALIFORNIA

Campus:	San Francisco
Project Name:	Telemedicine and PRIME - Urban Underserved Education Facilities
Project Description:	This funding will support the design, construction, and equipping of facilities that expand and enhance medical education programs with an emphasis on telemedicine aimed at developing high-tech delivery approaches to health care and enhancing instruction. This project may involve both new construction and renovation of existing space, and equipping facilities to support education and health care delivery. The new and renovated facilities will allow for the implementation of systemwide objectives for expanding access to clinical services, increasing medical student enrollments, and creating a new systemwide network that will enable UC medical school campuses to link together for educational and other University purposes.
